- 3) Presentation by Prof Bob Madahar, Chief Scientist, Information Management Department, DSTL
- 3) Working Group house keeping & general discussion
 - General recap on previous events, actions and our presence at ASEC2013 etc
 - Discussion on overlap with work by INCOSE Central
 - MB updated us on his experience from IW14
 - <http://nafdocs.org>
 - Some concern raised on the apparent evolution of MODAF/NAF which could mean they are moving away from formalised graphical languages
 - Subject initially raised by SP
- 4) Lunch
 - Parallel activity to DSTL community of practices
 - Presentation "The 5 Principles of MBSE" by JT
 - <http://www.compass-research.eu>
- 5) Presentation by SP on COMPASS pattern work
 - Details can be found on the website
 - There will be a summer school held at the university of Newcastle between the 16th-20th of June
- 6) Pattern Workshop
 - Whole group brainstormed a list of patterns which could be explored
 - Split into 2 syndicate groups, each of which explored one of the patterns in more details
- 7) Wrap up and AOB
 - JT asked members to think of education initiatives we could carry out in support of the INCOSE UK 20 year celebrations (as per the recent preview announcement)

Decisions

- It was confirmed that the pattern work would be our focus for 2014
- It was agreed that we should aim to present our work a ASEC 2014
- It was agreed that we should request a joint meeting with the Architecture WG to discuss (amongst other things) the evaluation of MODAF & NAF
- It was agreed our next meeting should be shortly after easter

Actions

- JT to organise next WG Meeting
- JT to organise joint meeting with Architecture WG
- JT to register intent to submit ASEC 2014 Proposal
- JT to progress INCOSE 20 ideas
- JT & TR to write up and distribute output of pattern work
